

## Wildlife Club Challenge - 3/12/10

### Help cats to be wildlife-friendly

Millions of birds and small mammals are caught by cats each year. Can you do something to help wildlife survive in your garden? Go to [www.bbc.co.uk/breathingplaces/control\\_cats/](http://www.bbc.co.uk/breathingplaces/control_cats/) for ideas and advice.

### Make a bug home

Bugs might not look like particularly significant visitors to your garden, but they're vital to keeping the ecosystem working. If you want to help them get through the hard times or give them somewhere to breed, provide them with their own place to stay. Go to [www.bbc.co.uk/breathingplaces/bug\\_home/](http://www.bbc.co.uk/breathingplaces/bug_home/) for ideas and advice or maybe download this excellent guide: <http://downloads.bbc.co.uk/breathingplaces/images/loveabugguide.pdf>

### Be a Wildlife Explorer...

Join the "world's most exciting wildlife club for young people": [www.rspb.org.uk/youth/join\\_in/wex.asp](http://www.rspb.org.uk/youth/join_in/wex.asp)

Here's what you get when you join the Club:

- A great membership pack specific to your age, including posters, stickers, a logbook with activities, a membership card and a certificate
- Your own colourful magazine, six times a year
- The chance to enter competitions and take part in activities and wildlife holidays
- FREE entry to more than 100 RSPB nature reserves
- PLUS a choice of free gift.

When you're thirteen you'll automatically become an RSPB Phoenix member: the RSPB for teenagers.
